

ABOUT US

Background - The Associated Utility Contractors of Maryland, Inc. was incorporated on March 11, 1950 by a group of concerned contractors interested in the welfare and advancement of the utility contracting industry. The Association is a founding and highly active member of the Clean Water Construction Coalition (C.W.C.C.).

Objectives - *What we strive for:*

- To promote better relations between and among utility contractors and public agencies, private owners, architects and engineers
- To maintain high professional standards in the conduct of business and the performance of work
- To combat unfair practices
- To create contracting methods which relieve the contractor of improper risks
- To correct unsatisfactory conditions
- To promote business and social relationships among members of the Association
- To minimize industrial strife by promoting sound labor relations, recognizing the legitimate rights of both employees and employers and
- To promote sound business practices and improve the standing of utility contractors in the business world

Information - There are two categories of membership in the Association: (a) Contractor and (b) Associate.

Contractors eligible for membership include corporations, companies, partnerships, individuals and / or legal combinations of the foregoing, engaged in underground utility work, public or private, who have been established in the State of Maryland for at least one year and have established a reputation for skill, responsibility and integrity.

Associates eligible for membership are individuals or organizations who furnish goods and / or services to contractor members, who have been established in the State of Maryland for at least one year and have established a reputation for skill, responsibility and integrity.

Dues -

Contractor Membership Dues: **\$1,900.00 per year**
(\$1,100.00 if volume is less than \$500,000.00)

Associate Member Dues: **\$1,900.00 per year**

Also 2 attendees per month for 10 monthly meetings.

Clean Water Construction Coalition (C.W.C.C.)
Dues: \$200.00 per year

The Associated Utility Contractors of Maryland has long been a dynamic organization and continues to be a leader in the construction industry in Maryland.

The A.U.C. maintains active specification committees for each subdivision in the metro area. These committees meet regularly with public works and elected representatives of these subdivisions to discuss industry problems.

The chapter's safety committee has been very active providing membership with seminars on various topics including MOSH / OSHA general safety.

Locally, the A.U.C. has maintained a presence and is well known in Annapolis. It has been able to influence the passing of legislation which allow contractors lien rights for utility lines laid in public right of ways. In 1990, a bill was passed which among other things forces any owner of utility lines, including fiber optics, to become a member of the MISS Utility system, thereby marking all lines.

The Association also sponsors a variety of social functions including a bull roast, fishing event, dinner dance and golf outing. All are well attended.
